To Whom It May Concern:

I am sending this E-Mail in regards to the NAB's petition 04-160. I believe that this petition should be voted down because not only is it a violation of the First Amendment rights but if this petition passes it will take away a very useful tool in my everyday life. I drive a truck over the road from coast to coast and it is an invaluable tool. It would be very difficult for me to find this info and entertainment without XM Satellite Radio. Also I pay for this service out of choice, don't take that choice from me.
